

# Bindungs-Lexikon für Schaftweberei

Franz Donat

Pattern Book

Franz Donat's book **Bindungs-Lexikon für Schaftweberei** [Dictionary of Weave Structures for Loom Weaving], contains many patterns not in his **Large Book of Textile Patterns**.

Kris Bruland has digitized the patterns in this book and put WIFs for them on <http://www.handweaving.net>, where they can be downloaded without charge.

The patterns here have been derived from the WIFs and provided for browsing and easy identification of patterns of interest. There are a few duplicate patterns in the book and these are included here.

There are two separately paginated sections. The first section of 16 pages contains color patterns. The second section contains black-and-white patterns.

The patterns are organized by size, width first. Identifying numbers for the WIFs are given below the patterns. For example, 46671 refers to 46671.wif on <http://www.handweaving.net>.

Material in this document may be used freely for individual projects, but republication is prohibited.
