

# A Handbook of Weaves

G. H. Oelsner

Pattern Book

G. H. Oelsner's **A Handbook of Weaves** is the best known and most accessible weaving pattern book.

Kris Bruland has digitized the patterns in this book and put WIFs for them on <http://www.handweaving.net>, where they can be downloaded without charge.

The patterns here have been derived from the WIFs and provided for browsing and easy identification of patterns of interest.

The patterns are organized by size, width first. Identifying numbers for the WIFs are given below the patterns. For example, 31710 refers to 31710.wif on <http://www.handweaving.net>.

There are two separately paginated sections. The first section of 15 pages contains color-and-weave effect patterns. The second section contains the rest of the patterns.

Material in this document may be used freely for individual projects, but republication is prohibited.
