

Dictionary of Weaves, Part 1

E. A. Posselt

Pattern Book

E. A. Posselt's book **Dictionary of Weaves, Part 1** contains nearly 1,900 weaving patterns for four to nine shafts. (Additional parts were planned but never published.)

Kris Bruland has digitized these patterns, corrected errors in about 40, and put WIFs for them on <http://www.handweaving.net>, where they can be downloaded without charge.

The patterns here have been derived from the WIFs and provided for browsing and easy identification of patterns of interest.

The patterns are organized by size, width first. Identifying numbers for the WIFs are given below the patterns. For example, 10869 refers to 10869.wif on <http://www.handweaving.net>.

Material in this document may be used freely for individual projects, but republication is prohibited.
