

Are you looking for employment opportunities after college? Are you passionate about service and helping others? Do you have what it takes to lead others in your area of expertise?

Ask your on-campus Air Force Reserve Officer Training Corps (AFROTC) detachment about how YOU can start your career with the United States Air Force as an AFROTC cadet!

The United States Air Force has multiple career opportunities available to eligible candidates with backgrounds in science and engineering, to include:

- Chemist
- Physicist
- Operations Research Analyst
- Civil Engineer Officer
- Developmental Engineer Officer
- Remotely Piloted Aircraft Pilot
- Pilot
- Nuclear and Missile Operations Officer
- Space Intelligence Officer
- Cyberspace Officer

As an AFROTC Cadet pursuing a technical degree you have the opportunity to:

- Receive a partial or full-paid in college scholarship*
- Improve your leadership and critical thinking skills
- Increase your overall physical fitness levels
- Attend AFROTC Field Training
- Earn your commission upon completing your degree and AFROTC requirements
- Serve your country, and ultimately save lives

* Dependent on CGPA, PT performance, instructor recommendation and overall availability.

For more information about how you can join AFROTC at the University of Arizona visit <http://wildcatwing.arizona.edu> or email 2d Lt Emily Smith at epsmith@email.arizona.edu.
