

REhnu, Inc. is a spin off from the U of A start up company that produces solar generators and we are looking for a part time student hire to assist with our web based software needs. We are looking for an upper level student who can work 10-20 hours per week. Much of the work will take place at our 6363 S. Country Club facility, but some may occur on the U of A campus as well. The pay rate will start at \$10/hour. Please have prospective students send a resume or brief synopsis of experience with program languages and platforms to: Scott DeRigne, Project Manager, REhnu, Inc.; sderigne@rehnu.com. I can also be reached at 520-247-7221 if there are any questions. Thanks in advance for your assistance with this matter.
